

COMPANY PROFILE

DESCISYS
the power to see further

Decisys Ltd is a global provider of data warehousing and financial management applications for commercial and government organisations. These solutions enhance your ability to plan, manage and monitor financial and operational performance across all aspects of your business.

S E E ■ A N A L Y S E ■ C O N T R O L

- **Founded in New Zealand in 1992**
- **15 year consistent track record of profitability and revenue growth**
- **Worldwide offices, New Zealand, Australia, London & USA**
- **Blue chip international customer base**
- **8 years developing a patented unique Data Warehouse technology (Terasolve)**
- **We have a 100% success rate in project implementation and customer satisfaction**
- **We innovate in the field of financial budgeting and consolidation applications, providing tailor made solutions**
- **World class consultancy, implementation, support and maintenance services**

Our technology delivers a single unified system for management, statutory, regulatory, and materiality reporting, with the unique ability to track and compare changes in your organisation simultaneously.

We recognise that one of the biggest challenges you face is the need to report your activities accurately and transparently, whilst undergoing near-perpetual change. Our technology makes your life easier by delivering precisely that.

Carter Holt Harvey is a \$4 Billion turnover business, IT Employees 11,000 staff globally.

“Information Edge has reduced our quarter financial reporting time for the stock exchange from 28 days to just 4 days. Monthly management accounts for our 36 businesses used to take up to 10 days to complete, they now can be turned round in just three”

CHRISTINE BURNS Corporate Finance Manager at Carter Holt Harvey

Altos is a \$130 million annual sales business, Employees over 400.

“All the information flows through from Movex [the ERP system] and other data sources seamlessly, and this, plus the in-built reconciliation piece, means the final reports can now be created within hours of the books closing rather than the week-long cycles we were used to”

RAJ BHANA Finance Manager at Altos.

Greater Wellington Council (New Zealand)

“A particularly useful aspect of the system is the way forecasting has now become a normal part of our planning and reporting process. The solution has given greater accuracy to forecasting as a whole and enabled Greater Wellington to have more certainty over financial management operations. This has been a very significant step forward”

KERRY SAYWELL Treasurer, Greater Wellington Regional Council
